SOUTHERN AFRICAN SHOW POULTRY ORGANISATION

SASPO INTRODUCTION AND BREED CODES

Amended March 2024

SASPO CODES

The various codes contained in these two files are used to organise and run poultry shows more

POULTRY BREED CODES

(1) Chicken breeds	100 - 799
(2) Duck breeds	800 - 854
(3) Goose breeds	860 - 914
(4) Turkey breeds	920 - 954
(5) Eggs	960 - 982

COLOUR CODES

The colour codes for OEG, large and bantam, are separately listed and can be found at the end of the colour codes. Please note that the information furnished in brackets should not be entered on the entry form or the computer programme.

CLASSIFICATION AND EGG EXHIBITION CODES.

The list marked "CLASSIFICATION" includes male and female (sex) codes for birds. These codes apply to all the poultry breeds.

The list marked **"EGG EXHIBITION CODES"** includes codes to enter eggs for a show.

When compiling your entry form, the relevant breed code and description, colour code and description, sex code and description in respect of each bird should be entered. Also bear the following in mind:

Only this SASPO Breed and Colour Codes March 2024 should be used when entering your birds.
Destroy all previous show schedules to prevent any confusion.
Double check that all information furnished on the entry form is correct. Remember that the large and bantam codes are different for each breed.
Always use the official entry form supplied by your club. Make additional copies if necessary. Each line on the entry form represents one entry only.
Keep the entry form neat and tidy by completing it in block or capital letters.

STANDARD OF PERFECTION

Only breeds or varieties listed in the Standards of Perfection may be entered in SASPO Shows. New or foreign breeds or varieties must be pre-approved by SASPO. The Standards of Perfection are available to SASPO members on the SASPO website: www.saspo.org.za or from your Club Secretary.

IMPORTANT NOTES TO THE SASPO BREED AND COLOUR CODES

©2026, SASPO. All Rights Reserved

1. Only the SASPO BREED AND COLOUR CODES must be used when entering for SASPO shows. No other schedule, in printed or electronic form, may be used.
2. Only breeds and varieties appearing in the SASPO Standards of Perfection may be entered for SASPO shows.
3. Poultry breeds shown in BOLD ITALICS in SASPO BREED AND COLOUR CODES do NOT appear in the SASPO Standards of Perfection. New or foreign breeds must be approved and standardised according to SASPO Rules and Regulations.
4. The Standards of Perfection (Breed Standards) are available on the SASPO website: www.saspo.org.za .
5. The codes for 'Any Other Breed'(AOB) and 'Any Other Colour'(AOC), only to be used in the following instances:
a) New or foreign breeds and/or varieties that are in the process of being standardised.

BAIE BELANGRIKE NOTAS TOT DIE SASPO RAS EN KLEUR KODES

1. Slegs die SASPO RAS EN KLEUR KODES mag gebruik word om in te skryf vir enige SASPO skou. Geen ander skouskedule, in gedrukte of elektroniese vorm, mag gebruik word nie.
2. Slegs rasse en variëteite wat voorkom in die SASPO Rasstandaarde (Standards of Perfection) mag vir SASPO skoue ingeskryf word.
3. Pluimvee-rasse, wat in VETDRUK KURSIEF gedruk is, verskyn NIE in die SASPO Rasstandaarde NIE. Nuwe of onbekende rasse en/of variëteite moet eers goedgekeur en gestandardiseer word volgens SASPO se Reëls en Regulasies.
4. Die SASPO Rasstandaarde is beskikbaar op SASPO se webtuiste: www.saspo.org.za .
5. Die kodes vir 'Enige Ander Ras' – A.O.B en 'Enige Ander Kleur' – A.O.C. mag slegs gebruik word in die volgende gevalle:
a) Slegs nuwe of onbekende rasse en/of variëteite wat in die proses is om goedgekeur of gestandardiseer te word.
b) Pluimvee wat in die 'Troetelpluimvee'- of 'Agterplaaspluimvee'-afdeling ingeskryf word. 'n Afdeling soos hierdie mag by Landbouskoue beskikbaar gestel word.
c) Alle pluimvee wat onder hierdie kodes ingeskryf is, sal egter verskillend beoordeel en
